

## Parents and Carers Questionnaire May 2017

You may remember that we asked for your views in October last year. Since this time the Governors have formed an action plan based on the “what we can do better?” I am hoping that some of the concerns you highlighted have since been addressed.

At Lenham Primary School we continue to aim to be the best we can be, and in order to do this we require parents and carers to feedback to the school on our strengths and weaknesses.

As we start the final term we will be meeting with all the staff to draft the schools priorities for the next academic year. It is for this reason that we ask you to share with us your views on where you think the school should focus its resources, your contribution to this next phase will be invaluable.

Please spare a few moments to answer the following questions. If you wish you can provide your name in the box provided. The questions have been taken from the Ofsted parent view form, but we have added a comments box over the page if you wish to highlight anything we do well as a school as well as any other comments that you think will assist the governing body.

Many thanks for your time.
