

Some Time facts for you to remember!

4 seasons: Spring, summer, autumn, winter

1 year:

- 12 months
- 52 weeks
- 365 days

Spring (March, April, May)	Summer (June, July, August)
Autumn (September, October, November)	Winter (December, January, February)

30 days has September, April, June and November.

All the rest have 31 days except February alone,

Which has 28 days clear,

And 29 each leap year.

1 day = 24 hours

1 hour = 60 minutes

1 minute = 60 seconds

Challenge:

- How many minutes in a day?
- What does the 24 hour digital clock look like a 12 o'clock in the morning? __ : __
- Work out how many days are in the summer.
