

This week we have:

- Continued our times table work focussing on the 4s and 8s.
- Written adjective poems and Kennings in English.
- Learnt about the 3 types of rock.
- Investigated rocks based on the appearance and physical properties such as hardness and permeability.
- Used movement and balance in gymnastics.
- Watched the family trust Panto.

Letters have been sent out about a future visit from Warburtons Bakery. This will take place in January but they need to know about any allergies before they come for their own health and safety checks. The visit is free and will involve practical activities using food. Thank you to those who have returned the reply slip, if you have not yet returned the slip please can you return it by Wednesday 6th of December so that I can send off the information and confirm the visit.

This week's Buster's Book Club Star Reader is Erin, Buster's Book Club data is collected on a Thursday morning so keep reading!

Log ins for Times Table Rock Stars have been stuck into the front of every child's reading record. You can access this at home for free via the internet or the app. Children are also able to play against each other in the Year 3 Arena, practice times tables from class in the Garage section and can also send challenges to their friends. If you have any questions let me know.

Next week we are having an Art focussed week. We will hopefully be making and creating some striking pieces which you will be able to view at Book Look. We will be writing some Stone Age discovery stories in English and finalising times table work in Maths.

Enjoy the weekend

The Year 3 Teaching Team
