

This week in Year 6 we have been completing SATs-style assessments and checking their statements on Target Tracker. This helps us to get a better understanding of your child's progress and attainment so far this year. All the children tried their best and are hopefully getting more used to the style of the SATs papers.

In the afternoons, the class have moved on to studying the 'Glorious Revolution' of 1688 and the union of Scotland and England in 1707. We had a spirited debate about the more recent attempt at Scottish independence and thought about the future of Great Britain as Brexit looms. The children discussed these topics very maturely and it was extremely interesting to hear what they thought without the prejudice of politics!

Next week we are looking forward to:

- Writing newspaper articles in our English lessons.
- Translating and reflecting shapes across four quadrants.
- Using co-ordinates to predict the movements of shapes.
- Discussing the effect of the British Empire in the 19th Century.

Homework

The children have been set Maths homework, which is an Activelearn problem solving activity called 'Mystery Number'. The SPaG homework is a worksheet about parentheses, which is something that the children have learned about in school this week.

They are expected to have completed this by Wednesday. They will have their spelling test on the Wednesday, and all children have been sent spelling sheets home. Thank you for your support with this. If your child is unable to complete the homework for whatever reason, please let me know via a letter. Internet access is available at school for those who do not have it at home.
