

This week we have:

- Finalised our work on multiplication and division of the 3, 4 and 8 times tables.
- Recapped column addition so that we are now using a compact method.
- Read about the Lascaux cave and written our own cave discovery stories.
- Looked at art by Kandinsky and Mondrian and created our own abstract pieces (see picture below).
- Had a visit from the fire service to talk about fire safety and escape plans.

As Christmas gets closer, next week will include; a viewing of the Yr1/2 Christmas performance, Christmas Jumper Day (15<sup>th</sup>) and the Christmas Meal (15<sup>th</sup>). Next week we will also be working on our extended writing, recapping column subtraction and finalising our science and topic work for this term.

Please remember to fill out Buster's Book Club (we only had 5 readers this week ☹). All that is needed is a signature on the bookmark at the front of your child's reading record when they read each Wednesday.

Enjoy the Weekend

P.S. Here are some images of our Mondrian Artwork in case you are unable to come to Book Look.
