

Happy New Year!

I hope you all had a wonderful Christmas and had some time to relax over the festive period! I am very much looking forward to teaching Year 4 and have some exciting things planned for the rest of the year.

This week we have started our topic of the Romans, finding out about the Roman Invasion of Britain and creating a timeline of this. Next week we will investigate Roman roads and where and how they were built. We will be making our own mini roman roads out of biscuits, so please let me know of any allergies before Tuesday of next week.

In English we will be following and writing our own instructions, linked to our History topic. Our Maths focus for the week is multiplication, starting with mental calculations and using factors and then moving onto using the written method for multiplication. It is so important that the children continue to practise their times table knowledge at home using the Times Table Rockstars website and I encourage them to do so as their homework this week. If you are unable to access the internet at home, then your child could learn their tables by chanting them as they climb stairs for example.

PE will take place on a Wednesday (Outdoor PE) and Thursday (Indoor PE) this term so please can you ensure that full PE kit is in school on these days.

Please do not hesitate to come and speak to me if you have a questions or queries. Have a great weekend!

Mrs Fisher
