

This week we have:

- Begun to learn our text map of the Mousehole Cat in English.
- Used inverted commas in our writing.
- Used pounds and pence in maths and added and subtracted money.
- Used racquets and nets to develop our squash skills in P.E. with a specialist coach.
- Looked at places which are safe and unsafe in PSHE.

I would like to say a big thank you for all the wonderful cards and gifts I received at Christmas. Thank you so much for your kindness and generosity.

This term our topic is called Skin Deep. In Science we will be learning about the nutrition, bones and muscles of animals (including humans). In maths we will be looking at Money, Multiplication and division and statistics. In English the book we will be focussing on is the Mouse Hole Cat and our aims this term are to begin to use paragraphs, inverted commas and spelling vocabulary words within our writing.

Please make sure your child has their PE kit in school. Thanks to Mrs Prescott we have a specialist squash coach for PE this term to allow the class to try a sport they may not have played before and I would like everyone to be able to take part each week. It might also be useful that your child has a spare pair of socks in their PE bag at the moment this is for 2 reasons; Firstly as playtimes can be wet at the moment and spare (dry) socks might be useful and secondly girls who wear tights might want to wear socks with their plimsolls in PE.

Have a good weekend.
