

This week we have

- Written Newspaper reports about the Mousehole Cat.
- Interpreted pictograms, charts and bar graphs in maths.
- Collected our own data and presented it in the form of a bar chart.
- Looked at the types of nutrients our bodies need.
- Played Squicket in PE.

Next week, on Wednesday, we have our visit from Warburtons bakery. We will be learning about healthy choices, decreasing waste and making some sandwiches to eat. Buster's Book Club will start again next Wednesday. The children will have new book marks in the front of their reading records to record home reading once a week on. Remember the book mark must be signed by an adult for it to be counted.

Homework has been sent out for this week. Spellings all include re and un prefixes. The English part is about word classes and the maths involves interpreting a graph; summarising some of our work from this week. Don't forget Times Table Rockstars can be accessed at home on any device, the app is free to download and the children have times tables set and ready for them to practice.

Enjoy the week.
