

This week we have:

- Written our own stories based on the Mousehole Cat.
- Multiplied 2 digit numbers by 1 digit numbers.
- Continued working on our squash skills in PE by playing small games against each other.
- Looked at muscles in the human body.

Next week we will be conducting an investigation about bones, making some skeleton puppets, dividing numbers, playing squash and writing play scripts.

This week's homework has been sent out. It involved dividing numbers using a written method, finding out some facts about bones and muscles and the spelling words all include the prefix 'pre'. Buster's Book Club is on Wednesdays and then recorded on Thursday; we had 10 readers for Buster's Book Club this week.

Finally as we continue to focus on multiplication and division for the remainder of this term please ensure your child is practicing their times tables as much as possible at home. All children have free access to the times table Rockstars site and times tables can still be practiced without internet access at home through methods such as chanting.

The Year 3 Teaching Team.
