

This Week we have:

- Added and subtracted fractions.
- Used a variety of suffixes in our work.
- Written a flat Stanley Story based on a text map.
- Had a taster session on Fit fence which was an introduction to the sport of fencing.

This week's homework involves using inverted commas, adding and subtracting fractions and a mixture of common exception words and homophones for spelling.

Next week we will be continuing to learn our Flat Stanley text map in English, beginning to look at time in maths, learning about plants in science and playing handball and cricket in PE.

Next Tuesday will also be the Tri-Golf competition, the selected children who have returned their slips will be off to the Tudor Park Hotel for the afternoon.

Enjoy the Long weekend

The Year 3 Teaching Team.
