

This week we have:

- Practised telling the time on clocks and through diagrams.
- Written Flat Stanley diagrams.
- Had our class photo taken.
- Played small cricket games.
- Begun to learn about plants.

This week's homework involves telling the time, spellings are a mixture of common exception words some homophones and some written punctuation work.

The class members who were chosen for the Tri-golf tournament had a fantastic time on Tuesday afternoon and worked really well as a team. They took part in a range of events that included using both putter and chipper clubs in order to hit the ball and score points in various ways.

Parent consultation letters have been sent out today. Please return them as soon as possible with your requested time and we will do our best.

Have a good weekend.

The Year 3 Teaching Team.
