

This week we have:

- Revised written methods for addition and subtraction.
- Improved a story using our evaluating and editing skills.
- Participated in the Change for Life event at the Lenham School.
- Looked at sources of light and reflections.

Today at the Change for Life event the class behaved excellently, gave their best efforts and everybody took part. They participated in a range of activities about fitness and healthy eating, these involved; reading labels, taste testing fruits and vegetables, running and skipping.

A letter has been sent out today about our class trip. I apologise that it is short notice however as I previously explained our original trip was cancelled. After a class discussion and sheer enthusiasm, our class trip will be to Gravity Trampoline Park in Maidstone. We will be travelling by train, with Year 5 who are going bowling on the same day, and will return to school for usual collection time. **Please sign the reply slip and Gravity Waiver and return these to school as soon as possible.**

Next week is Sports week. We will be having the long distance event and a sports day practice on Monday. Please ensure your child has a **water bottle, hat and PE Kit** in school next week. It is advised that they have sun screen applied before school. Thursday will be bike day, we will be having a PE lesson based on bicycles and scooters. The week will end with Sports Day on Friday before the football tournament and school fete on the Saturday.

Lastly, the book fair will be in school next week. Books will be available for purchase every day after school so please do take a look.
