

Dear Parents,

Sports week has been a resounding success complimented by the victorious England penalty shoot out!

On Wednesday I was all ready with my English lesson, but after I put the highlights of the football on the big screen and realised how many of them had watched it, I gave the class the choice as to whether they wanted Mrs Martin's English -or to write about the football! You can probably guess which one your child chose?

In maths we have had a variety of sports day and football based maths challenges which consolidated the four operations and fractions.

Please remember it is the Otterden trip on Monday! Please keep an eye on the weather and send your child in with all the appropriate things, including lunch if appropriate, and water bottles too.

The class have been having their transitions into Year 3 each Wednesday, and they are full of beans about it when they come back to me. In fact I think they are disappointed their tables and chairs are feeling small! They have another one next week and are already looking forward to it. Please keep the transition 'story' in a safe place. It is a good idea to read it with your child as September approaches, especially if they are feeling nervous about coming back.

Have a lovely weekend,

Mrs Martin
