

This week the children have:

- Written invitations and a recipe for making Eton Mess
- Learned how to plot co-ordinates on a grid and move plotted points using translations
- Played battleships
- Had their final transition afternoon in Year 5
- Found out about seasonal fruit and vegetables
- Worked in groups to make either fruit scones, homemade jam or pesto and then all made Eton Mess. Some of the children were also amazing at washing up!

DT Day/Food Tasting After School:

Thank you for coming along to support our 'food tasting session' after school yesterday. It was lovely to see so many of you there and we hope you enjoyed the children's creations! They certainly enjoyed making them and are all now experts at making Eton Mess. A huge thank you to Mrs Costain who came in to help make the jam and for the use of her microwave! The jam was delicious!

Buster's Book Club:

This week, 11 children read for Buster's Book Club. Well done Isla, who is this week's winner!

Next week will be the final week of Buster's Book Club.

Homework:

Other than reading and continuing to learn their times tables and spellings, there will be no homework this week. Homework folders will be sent home at the end of next week.

Board Games on Friday:

Next Friday the children in Class 4 are invited to bring in their own board games/card games for the day to play in school. We ask that NO ELECTRONIC GAMES be brought in though please.

Have a lovely weekend!

Mrs Fisher and the Year 4 Team
