

This week in Year 6:

English

- Started our class book 'Wonder' and discussed Treacher-Collins syndrome, the definition of beauty linked to the themes of the book.

Maths

- Multiplying fractions and integers.
- Multiplying fractions together.
- Dividing fractions.
- Using reasoning skills and the bar method to solve problems.

SPAG

- Identifying the subject and object in sentences.
- Using extended noun phrases.

Topic

- We learned the differences between the Tudor monarchs and discussed how each came to the throne.
- The unification of Scotland and England under one monarch after Elizabeth I.
- The Reformation of the Church under Henry VIII.

Next week...

- Finding fractions of amounts.
- Continuing to analyse characters and themes in 'Wonder'.
- Starting to discuss the Civil War in England and the ramifications for the monarchy.

Homework

Homework is a little different this week. Next Friday afternoon (23rd) the children will enjoy their very own Tudor banquet, finishing their Tudor module of this term. Their homework, therefore, is to bake/create something edible for the banquet. Here are some links to look at:

<http://cookit.e2bn.org/historycookbook/index-32-tudors.html>

<https://www.muddypuddles.com/blog/how-to-make-tudor-bakes/>

Of course, you can do your own research too!

There is also (as always) timestablerockstars and spag.com.

Homework club is available on Mondays at lunchtime.
