

Welcome back to term 3. I hope you had a lovely Christmas and New Year. This term will be a busy one, and I thank you for your support in advance. Remember that our full Year 6 curriculum can be found on the school website.

This week in Year 6:

English

- We wrote a newspaper article, practising the use of formal language and the passive voice.

Maths

- We revised multiplying by 10,100 and 1000.
- We revised long division.
- We learned to recognise mathematical language for our forthcoming exams.

SPAG

- We learned how to use the subjunctive voice.
- We added suffixes to words accurately.

Topic

- We will be starting our topic, focusing on maps, next week.

Next week:

- We will start to look at an extract from 'Private Peaceful' by Michael Morpurgo.
- We will start the maths module 'decimals' focusing on the four operations.
- We will start our maps topic in the afternoons.

Homework

1. A worksheet identifying and using the subjunctive mood.
2. The children completed an arithmetic paper this week- they should repeat any incorrect answers, showing their working. Any children who achieved within 5 marks of 100%, should complete 20 minutes to Maths Whizz as well.
3. Spellings have been given out and the first test will be on the first Wednesday.

There is no homework club this term as the children should now be used to the year 6 homework expectations. If there is something preventing a student from completing their homework on time at home, this should be communicated to the teacher before the deadline.

The Year 6 team
