

Hello!

**This week we have...**

- Subtracted using tens frames and part whole models AND compared subtraction number sentences to 20.
- Created our own felt shoes and written our own instructions.
- Understood why it is important to create accurate algorithms.
- Acted out a well-known Christian story.
- Considered the dangers we might find outside and how to keep safe around them.
- Investigated how to join and combine shapes to make a house.

**Next week we will be...**

- Retelling a familiar story in order and describing characters using adjectives in English.
- Creating addition and subtraction fact families and counting to 50 forwards and backwards in maths.
- Investigating ways of creating the interior features of a house in D.T.
- Describing the properties of everyday materials in science.
- Writing instructions to program a person like a computer in ICT.
- Identifying our own special places and people in PSHE.
- Retelling a well-known Christian story as a storyboard in R.E.

**Homework**

This week's maths homework is all about comparing addition and subtraction number sentences.

**Buster's Book Club**

This week in Class 1 we had 13 children who met the reading target, 11 children who exceeded the reading target and totalled 107 additional minutes of reading.

*Please continue to fill in the bookmarks in the front of reading records every Wednesday night.*

**WOW work of the week**

This week we have had a brilliant time creating our own 'how to make a felt shoe' instructions and an even BETTER time testing our instructions by making our own! Here is a picture of some of the shoes we created. The children worked together and all had a chance to sew. It was lovely to see our more 'experienced' sewers in the class supporting our 'first time' sewers and we are very impressed with the outcomes!

Have a good weekend!

Miss Crayford
