### 11<sup>th</sup> - 15<sup>th</sup> March, Science Week

It is important to the school that parents take an active part in our learning, so we would like to invite any **adults** who have a **scientific job** to visit the classroom between 11<sup>th</sup> and 15<sup>th</sup> March. You are welcome to help out with science experiments, or present to the class about your job and show the children what science looks like in the real world. We have had great success with this in the past so please let us know if this is something you would be interested in! Please speak to your class teacher to arrange a visit, which they will then confirm with the office. Thank you in advance for your support.

We are proud of a friendly environment that promotes the PRIDE values inspired by the Olympic legacy, where everyone takes pride and is proud of their achievements

**Take PRIDE; Be Proud**

'**Changes in Materials**' is a science topic studied in several year groups at Lenham Primary. In order to facilitate this subject, it is important that the children touch, test and look at a variety of materials. If you have any **pieces of clothing** that you wouldn't mind **donating** to the school for this purpose (e.g. a leather jacket, cotton socks, a plastic raincoat, a woollen jumper, a linen shirt, velvet, silk) please bring them into the office. Please ensure that the clothing is clean- outerwear only please.

Thank you in advance for your support. Miss Parry

We are proud of a friendly environment that promotes the PRIDE values inspired by the Olympic legacy, where everyone takes pride and is proud of their achievements
