

This week in Year 6:

### English

- As part of science week, we wrote a non-fiction report imagining that we had discovered a new species.
- We also wrote a biography about Charles Darwin.

### Maths

- We measured angles using protractors.
- We identified different angles within shapes.
- We found the volume of cuboids.

### SPAG

- We revised semi-colons and colons.
- We revised our knowledge of Standard English.

Next week:

- We will be studying 'Alice in Wonderland' in English lessons.
- We will be finding the interior angles of triangles and quadrilaterals.
- We will be carrying out a scientific experiment to measure gas released by yeast.

### Homework

The children have their science projects for this week's homework, due in on the 29<sup>th</sup> March.

Children should either:

- spend 40 minutes on Maths Whizz in 'Tutor'.
- complete a test on spag.com.
