

This week in Year 6:

English

- We started to analyse 'Alice in Wonderland', looking at the language used.
- We wrote a playscript inspired by 'Alice in Wonderland', using the characters she meets after she falls down the rabbit hole.

Maths

- We found missing angles in triangles and polygons.
- We used formulae to find interior and exterior angles.
- We revised using past SATs paper questions.

SPAG

- We revised statements, commands and exclamations.

Next week:

- We will be studying 'Alice in Wonderland' in English lessons.
- We will be finding the interior angles of triangles and quadrilaterals.
- We will be carrying out a scientific experiment to measure gas released by yeast.

Homework

The children have a worksheet finding the interior and exterior angles of polygons.

There is also a worksheet finding statements, commands, exclamations and questions.

Children should either:

- spend 40 minutes on Maths Whizz in 'Tutor'.
- complete a test on spag.com.
