Please see the below message that we have been asked to share from John Boyd Farms Ltd:

Dear Parents/adults,

Recently we've had a lot of children driving their dirt bikes/ motorbikes on our field (opposite The Springs) on the crops and environment schemes which are designed to support the local wildlife, encourage butterflies, ground nesting birds amongst many other invertebrates. Obviously if bikes are driving all over it, this is going to disturb and stop the positive progress we have made for the environment. Not to mention it's a footpath for walking on only. Please refrain from allowing your children or in fact yourselves from doing this. A secure gate will now be put in place at the entrance.

We are proud of a friendly environment that promotes the PRIDE values inspired by the Olympic legacy, where everyone takes pride and is proud of their achievements

Take PRIDE; Be Proud

Dear Occupier,

Old Ham Lane works: May - September 2024

I am writing to let you know we will be carrying out road improvement works on Old Ham Lane, Lenham.

The works are programmed to take place between 7th May 2024 and 6th September 2024. Daily working hours will be between 07:30 to 18:00 Monday – Friday and 08:00 to 13:00 Saturday.

It will be necessary to temporarily prohibit through traffic on part of Old Ham Lane near the junction of Ham Lane. A diversion route via Ham Lane, High Street - Headcorn Road and Sandway Road, for vehicles will always be clearly displayed with signage and businesses will be open as usual signs.

Formal notice of the works has been submitted to and approved by Kent County Council.

Our construction teams will always keep their working space tidy and clean up when they've finished. The works will be inspected by the local authority throughout.

We apologise for any disturbance that might be caused during these essential works. Noise from the works will be controlled by 'Best Practicable Means' in accordance with the Control of Pollution Act 1974.

Thank you for your understanding whilst this work is being carried out. If you have any questions, please contact Franklin Infrastructure as follows:
