

# Using the grid method to multiply a 3-digit number by a 1-digit number

Complete these multiplications using the grid method.

1.  $256 \times 4 = \boxed{\phantom{000}}$

×	200	50	6
4			

5.  $143 \times 5 = \boxed{\phantom{000}}$

×			

2.  $328 \times 2 = \boxed{\phantom{000}}$

×			

6.  $241 \times 6 = \boxed{\phantom{000}}$

×			

3.  $187 \times 3 = \boxed{\phantom{000}}$

×			

7.  $134 \times 8 = \boxed{\phantom{000}}$

×			

4.  $354 \times 4 = \boxed{\phantom{000}}$

×			

8.  $223 \times 9 = \boxed{\phantom{000}}$

×
