

Year 4 Weekly News

17th January 2020

This week we have:

- Written a story in a historical setting, inspired by the eruption of Vesuvius.
- Continued our RE topic of Hinduism, learning about puja.
- Revised short multiplication and division.

Next week we shall be:

- Finishing the story of Vesuvius in English lessons.
- Moving onto our topic of 'area' in Maths lessons.
- Starting to design our Roman shields as we start to look into the Roman army.

Homework

There is a worksheet revising multiplication using formal methods, which is something that we have learned this week. I would prefer the children to use the column method, but using the part-whole method or grid method is fine if they lack confidence.

Further information and Key Events

If you have any cardboard (large/flat) please save it or bring it to the school- we will be making Roman shields in the next few weeks. Thank you in advance!

We are proud of a friendly environment that promotes the PRIDE values inspired by the Olympic legacy, where everyone takes pride and is proud of their achievements.

Take PRIDE; Be Proud
