As part of their @Cornerstonesedu Portraits and Poses art topic, Year 2 created digital royal portraits. They needed to choose whether they wanted to be a friendly or fierce sovereign for their pose. Then they used their computer skills to portray this. Great work.

## Oral Health in Early Years

March 2025

**Did you know children aged four to six should have no more than 19 grams of sugar a day?**

Could you promote the FREE sugar free app with your parents and carers. Maybe create your own social media post and direct them to the healthier family's campaign on [Healthier Families - Home - NHS](#)

Which foods/drinks to **watch out for** and tips how to reduce sugar at home

[Reducing sugar - Food facts - Healthier Families - NHS](#)

### Added sugar:

When we talk about added sugar, we mean sugar that has been added to food and drink to sweeten it.

This could be added by the manufacturer, by you if you're cooking at home, or by the chef or cook if you're eating out.

It's not just the white sugar you might think of on a teaspoon either: it includes fruit juice, honey, syrups and nectars too.

You do not need to worry about sugar in:

Plain milk, plain yoghurt, whole fruit and whole vegetables. This is not added sugar but remember to keep dried sticky fruit to mealtimes to protect teeth!

Check out the online sugar calculator it all adds up! [Sugar calculator - Food facts - Healthier Families - NHS](#)
