Code of conduct for **Lenham Primary School** 2025-2026

Outline

This code sets out the expectations and commitment required from school governors, trustees, and local governors/academy committee members for the governing body to properly carry out its work within the school/s and the community. It can be amended to include specific reference to the ethos of the particular school. Unless otherwise stated, 'school' includes maintained schools, academies, free schools and it applies to all levels of school governance.

All members of the governing body must retain their own signed individual master copy of the agreed code; this will evidence that they have read and understood it; all body members are expected to abide by, and will be held accountable to, the agreed document.

The governing body may subscribe to an electronic facility which enables individual body members to electronically agree to the body's agreed code of conduct e.g., via GovernorHub; if this is the case all new governors/trustees/local governors/academy committee members will need to have this explained to them by the body as part of the governance induction process, with a copy of the code of conduct being included for reading and signing and/or approving electronically.

Governing body code of conduct

School Name: Lenham Primary School

This code should be read in conjunction with the Maintained Governance Guide, Terms of Reference (ToR's), relevant law.

Once approved by the governing body, this code of conduct will apply to all governors at maintained school level.

Failure by any individual governor to sign the code of conduct will be counted as a breach of the code.

The governing body has adopted the following code of conduct

Purpose of the governing body

The purpose of governance is to provide confident and strong strategic leadership which leads to robust accountability, oversight and assurance for educational and financial performance. The governing body is the key strategic decision-making body in the school, setting the strategic framework and ensuring it meets all its statutory duties. High quality effective and ethical governance is key to success in our school and for the future of our pupils. Ensuring the best possible outcomes is at the heart of a governing body's strategic role; every child has the right to reach their full potential.

The maintained governing body has the following core strategic functions:

Ensure the vision, ethos and strategic direction of the school are clearly defined by:

- setting the vision, values, and objectives for the school
- agreeing the school improvement strategy as appropriate including its priorities and targets
- being the strategic key decision maker with decisions made in the best interest of pupils and our (charitable) purpose
- delegating operational matters to executive leaders and governance functions to committees, monitoring pairs or individuals as appropriate
- being connected with, and answerable to, the communities we serve, particularly parents/carers
- meeting statutory duties.

Ensure the headteacher performs their responsibilities for the educational performance of the school by:

- performance managing the headteacher in accordance with the terms of reference (ToR)
- robust holding to account for improving pupil and staff performance by asking the right questions
- workload consideration
- rigorous analysis of data
- understanding the curriculum offer, its intent, implementation, and impact
- monitoring and evaluating progress towards targets
- contributing to school self-evaluation.

Ensure proper and effective use of the school's financial resources, in accordance with the Terms of Reference by:

- ensuring financial probity
- ensuring financial compliance
- setting the budget
- monitoring spending against the budget
- ensuring value for money is obtained, with the money being well spent
- ensuring risks to the organisation are managed.

Collectively as a governing body we agree the following:

- **Organisational purpose** - our body is clear about the charitable purpose of the school and ensures these are being delivered effectively and sustainably.
- **Leadership** - our school is headed by an effective governing body that provides strategic leadership in line with the school strategic aims, values and culture including the values and virtues to preserve the religious character of the school and a commitment to fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance for those of different faiths and beliefs.
- Our maintained body bases its effectiveness on the six key features of effective governance: **strategic leadership, accountability; people** with the right skills, experience, qualities and capacity; structures that reinforce clearly defined roles and responsibilities; compliance with statutory and contractual requirement; and evaluation to monitor and improve the quality and impact of governance.
- **Integrity** - our body acts with integrity, adopting values and creating a culture which helps achieve the schools purpose. Our body is aware of the importance of the public and stakeholder confidence in our school and governors undertake their duties, accordingly, abiding by the Framework for Ethical Leadership in Education including the Seven Principles of Public Life (see appendix 1) including avoiding placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. Before acting and taking decisions, governors must declare and resolve openly **any actual or perceived conflict of interest and relationships**, with our body, managing any risk appropriately.
- **Decision making, risk and control** - our body makes sure that its decision-making processes follow our required statutory procedures, which act solely in the interest of pupils, are informed, timely, impartial and fair, using the best evidence and without discrimination or bias, and that effective delegation, control and risk assessment, and appropriate management systems are set up and monitored. Our body assesses the risks attached to safeguard and promote pupils' welfare by abiding and role modelling the schools' culture to encourage pupils to respect other people with particular regard to the protected characteristics set out in the Equality Act 2010.
- **Body effectiveness** - our body works as an effective collective team, using the appropriate balance of skills, experience, backgrounds and knowledge to make informed decisions.
- **Diversity** - our body's approach to diversity supports its effectiveness, leadership and provides sufficient diversity of perspectives to enable robust decision making.
- **Openness and accountability** - our body leads the school in being transparent and accountable. Our body and school are open in its working, particularly to ensure transparency of decision-making.

- We will act in the best interests of the school as a whole and not as a representative of any group, even if elected or appointed by them to the governing body.

We recognise this code of conduct is not exhaustive. If situations arise that are not covered by this code, governors will use their judgement and act in the best interests of the school, its pupils, and their role in holding public office.

Breach of this code of conduct

- If we believe this code has been breached, we will raise this issue with the chair for investigation and reporting back to the governing body.
- Should it be the chair that we believe has breached this code, the issue should be raised with the vice chair for investigation.
- In certain circumstances, e.g., tainting, it may be more appropriate for another member of the body or an appointed independent investigator to undertake the investigation, then report back to the governing body.
- The governing body will only use suspension (maintained schools only) or removal (ensuring statutory guidance, procedures and regulations are followed) as a last resort after seeking to resolve any difficulties or disputes in more constructive ways.
Removal will be used where serious misconduct has taken place.
- We understand in maintained schools, that we are only expected to exercise the power to remove an elected governor (which incorporates a five-year disqualification term), in exceptional circumstances where the actions or behaviour of the elected governor warrants removal rather than suspension.

Annual governor declaration

Before acting and taking decisions, they must declare and resolve openly any perceived conflict of interest and relationships.

We give difficult messages humanely where conflict is unavoidable.

JUSTICE | leaders are fair and work for the good of all children

We seek to enable all young people to lead useful, happy and fulfilling lives.

We demonstrate humility and self-control, supporting the structures, conventions and rules which safeguard quality. Our actions protect high-quality education.

COURAGE | leaders work courageously in the best interests of children and young people

We protect their safety and their right to a broad, effective and creative education. We hold one another to account courageously.

OPTIMISM | leaders are positive and encouraging

Despite difficulties and pressures, we are developing excellent education to change the world for the better.
